SIR,

Subject : Maintenance of coolies in various mohallas of the City.

I write to state that the following estimates for maintenance of coolies and watchmen in six mohallas were sanctioned and an expenditure to the extent of Rs.3173/- has been incurred to end of December 1955 as shown below:-

	Amount of Estimate.	Expenditure.
1. Coolies in Chamaraja Mohalla:	720/-	521/-
2. Do. Lashkar Mohalla:	720/-	535/-
3. Do. Fort & K.R.Mohallas:	720/-	537/-
4. Watchmen in Jayalakshmipuram:	720/-	540/-
5. Do. Yadavagiri Extn:	720/-	533/-
6. Do. Doddakere:	720/-	507/-
		3173/-

The Controller, State Accounts Department, has objected to the expenditure of the above works of unremunerative character out of the Trust Board funds, as they are to be charged to concerned layout works, for which a reply has been sent to him explaining the circumstances under which these charges could not be debited to any project estimates in view of the fact that the services of these coolies and watchmen are essential to watch over the formed layouts, marking sites, assist survey works in the mohallas, for house connection works etc., which works do not pertain to any project estimates. Hence these charges have to be paid out of the Trust Board funds.

Since the Controller is insisting upon the approval of Government for such maintenance of coolies out of Trust Board funds, which conflicts with the directions contained in G.O.No.L.6052 dated 24-8-1955 to the effect that the Board should work as a self-supporting unit, I request you kindly to obtain and communicate approval of Government for meeting the

SIR,

Subject: Maintenance of coolies in various Mohallas of the City.

With reference to your letter No.L.1269/ITB.6-55-6 dated 20-4-56 regarding the above subject, communicating orders of Government as to why the roads and open spaces reserved as amenities have not been handed over to the Municipal Council, I write to state that Government have stated that after completing all the works, the layouts concerned might be handed over to the City Municipal Council Mysore, for maintenance. The implementation of this order has been taken up by the Board separately.

As ordered by Government, in order to complete all the works before handing over the areas, and to see that no further damages are caused to the roads etc., in the

OFFICE NOTE.

SUBJECT: Maintenance of coolies in various mohallas of the City.

Survey coolies ang gangmen are being maintained by the Trust Board in the several mohallas of the City, in order to have watch and ward during nights, to assist the executive staff in the survey work of the layouts, and other allied works. The cost of maintenance of these gangs approximately amount to Rs.5400/- per year, as detailed in the margin**. The Controller, State Accounts Department, in the course of his audit notes has observed that payment of these gangs out of the Trust funds is not in order as they are unremunerative and that they have to be charged off to the respective estimates. A reply, explaining the circumstances under which these charges could not be debited to the definite projects or estimates, was sent, and the services of these coolies and watchmen were essential to have a watch over the formed layouts, marking sites, assist the survey works etc., in the Mohallas, for house connection works., which works do not pertain to any project estimates. Of late, digging of earth in the formed layouts even during day time is very common and cases

are being launched for the said offences. The services of watchmen and ward has become more essential of late. When Government were addressed in the matter to accord sanction to meet such charges out of the T.B. funds, Government have replied that when the layouts are completed, they should be handed over to the City Municipality for maintenance.

In this connection, it may be stated that on a previous occasion, Government have communicated orders to hand over the layouts to the City Municipality after completing all the works as per sanctioned estimates. The same orders were communicated when the Board proposed to hand over the layouts to the City Municipality and meet half the cost of repair works to make them fir for handing over. Till such time the areas are handed over, the maintenance of coolies is absolutely necessary. Apart from this issue, survey coolies are required for field work where fresh layouts etc., are taken up by the Board and for other routine works as stated above.

Government have been requested again to accord sanction for the proposal of this office, since th complete all the works before handing over the areas and to see that no further damages are caused to the roads etc., in the layouts, the maintenance of the gangs and coolies is incumbent on the Board and that therefore their services are quite essential.

The above facts are brought to the kind notice of the Board for kind approval and the lines on which further action has to be taken by the Board in the matter.
